

Aesthetica Life

AI-Powered Medical Travel Concierge Service

Streamlined patient acquisition through innovative strategies and seamless logistics management, enhancing clinic performance.

Door to door international patient flow management with no upfront costs or marketing efforts involved.

Global patient acquisition without upfront costs

Effective marketing strategies through AestheticaLife

- AestheticaLife employs comprehensive marketing techniques to attract international patients effortlessly.

Streamlined patient communication using AI

- Multilingual AI facilitates 24/7 patient communication, allowing clinics to focus on clinical duties.

Prequalified patient arrivals enhance efficiency

- Patients arrive with a commitment, reducing wasted consultations and ensuring better management.

Optimized seasonal patient volume management

- Leads are tailored to match clinic capacities, ensuring smooth patient inflow during peak times.

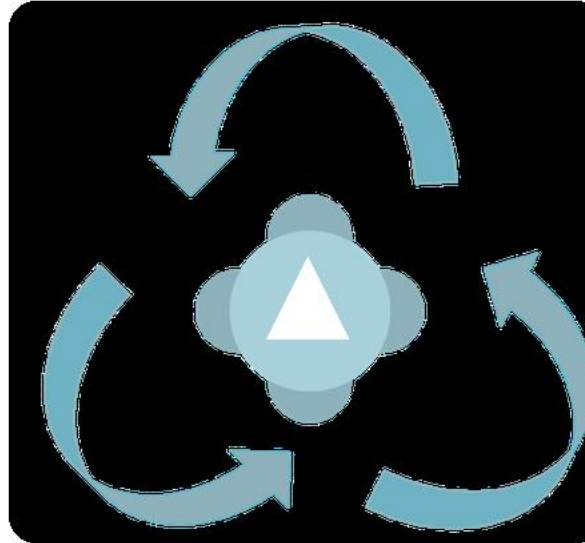

International patient treatment readiness

Local dentists perform pre-visit evaluations

- Pre-visit assessments by local dentists ensure patients are clinically prepared before travel.

Reduction of treatment surprises for clinics

- Patients arrive prescreened, allowing clinics to minimize unexpected treatment challenges.

Secure sharing of diagnostic data in advance

- Clinics receive all necessary diagnostic data ahead of time, facilitating better treatment planning.

High conversion rates from arrival to treatment

- Near 100% conversion rate ensures patients smoothly transition from arrival to treatment.

Financial benefits of international patient care

Commission-based payment model ensures no risk

Clinics only pay commissions on completed treatments, eliminating upfront financial burdens.

High average treatment values attract quality patients

With average treatments valued between \$3000–6000, clinics benefit from lucrative procedures.

Flexible payment options enhance patient access

Available BNPL options like Klarna and Affirm help reduce cancellations and elevate treatment values.

Optional subscriptions for increased lead volume

Clinics can opt for enhanced listings to boost patient inquiries and treatment opportunities.

International Patient Acquisition Performance

**Financial and Operational Benefits of International Patient
Care(Percentage)**

2 Comprehensive patient communication and aftercare solutions that enhance clinic reputation and success.

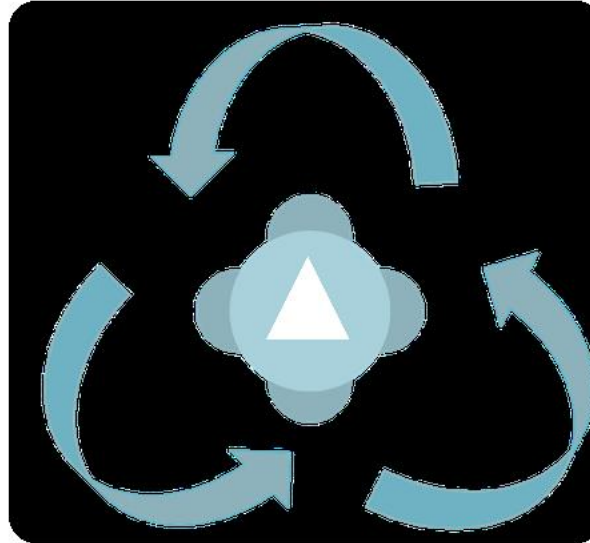

Streamlined Patient Acquisition Process for Clinics

Effortless Patient Arrival Preparation

- AestheticaLife ensures patients arrive ready for treatment, with evaluation handled locally and data shared securely in advance.

Efficient Seasonal Volume Management

- Leads are adjusted to match clinic capacity, ensuring a steady flow of prequalified patients without excess pressure.

Maximized Conversion Rates for Clinics

- Patients arrive fully committed, with treatment conversion rates approaching 100%, streamlining the clinic's workflow.

Comprehensive Multilingual Support for Patients

- AI-driven communication facilitates 24/7 engagement, allowing clinics to focus on patient care rather than administrative tasks.

Financial Benefits and Treatment Options

Commission-Based Revenue Model

- Clinics only pay a commission on completed treatments, ensuring no upfront costs or financial risks associated with patient acquisition.

High-Value Treatment Packages Available

- Average treatment values range from 3000 to 6000, enabling clinics to benefit from lucrative procedures like dental implants.

Flexible Payment Options for Patients

- Buy Now, Pay Later options via Klarna and Affirm help reduce cancellations while increasing patient treatment values.

Enhanced Listing Subscriptions Offered

- Clinics can opt for priority lead routing through an enhanced subscription, driving higher patient volume and engagement.

Post-Treatment Support and Reputation Management

Integrated Local Aftercare Services

AestheticaLife coordinates aftercare through local dentists, ensuring monitored recovery and informed clinics post-treatment.

Verified Review Requests for Clinics

Strategically timed review requests capture patient satisfaction, boosting the clinic's online reputation and visibility.

Structured Escalation Protocols in Place

Any complications or concerns are routed back to the clinic promptly, maintaining full visibility on patient outcomes.

Trust-Building Accreditation for Clinics

Association with a GHAcertified concierge service enhances patient trust and confidence, supporting higher-quality lead conversion.

Key Benefits

Free Marketing Reach

- Free local-level marketing reach with optional co-campaigns

Trust and Confidence Gain

- Country of Origin Effect, perceived quality & security dealing with a domestic company

Easy Payment Options

- No need to carry cash, customers can choose from multiple payment options including BNPL

Streamline Care & Alleviate Concerns
